ABOUT THE APPLICATION

Applications to the **Department of Italian Studies** must be submitted to the School of Graduate Studies (SGS) using an online application which is housed on a secure server at the University of Toronto.

The online application allows applicants to manage and submit biographical and educational information as well as specific documents (i.e. Statements of Intent, Curriculum Vitae, etc.) immediately to the University. Applicants can edit an in-progress application and check the status of all documents submitted using a secure password and Userid.

A valid email account is needed to complete the online application, as the University will correspond with applicants using email.

Applications are considered complete and can be reviewed only after all documentation is received by the graduate unit (this includes letters of reference submitted online by referees and official transcripts sent by mail). All documentation must be received at the Graduate Unit by the document deadline date.

Please read and be familiar with all deadlines.

Frequently Asked Questions:

Do I require transcripts from all of the post-secondary institutions attended?

YES, an official transcript is required from each university attended. Applicants who attended universities outside North America must provide notarized English translations to accompany all foreign documentation not written in English. Academic records must be enclosed in an envelope provided by the institution(s) and sealed or signed across the back of the envelope. These may be provided directly from the institution or through the applicant (DO NOT OPEN transcripts issued to applicant). Faxed records are not considered official. Documents will not be returned to the applicant.

If academic records are interim, pending completion of studies in progress, official final academic records indicating that the degree has been conferred must be submitted to the graduate office as soon as possible and before admission can be finalized.

Can I provide more than two reference letters?

Two reference letters are required, but we will accept one or two more.

Are there reference letter forms?

The Department of Italian Studies does not have special forms. Once you have confirmed your application information by moving to payment, the system will email your referees and ask them to provide references. They will be asked to submit an electronic copy of the reference in Word or PDF after logging in to the online application through a link the School of Graduate Studies will provide. If, in the rare case that your referee does not have email, you may collect the letter and submit together with your transcripts. The letter should be written on institutional letterhead. Ask your referee to provide you with the letter of reference in a sealed envelope, signed across the seal. Include the sealed and signed references when submitting your application. Do not open the envelope(s). Letters of reference will be part of the official student academic record. They are confidential and applicants/students will not have access to them.

What do you expect in the statement of intent?

The Letter of Intent for the Masters Program in Italian should be a cover letter outlining your interest and background preparation.
